2	BASE PANELS	2	SIDE PANELS
1	TOP PANEL		

- 1) Hold one of the Base Panels in one hand so that the embossed side is to the outside and the bent base is to the inside.
- 2) Hold one of the Side Panels in the other hand so that the embossed side is on the outside and the holes are at the bottom.
- 3) Insert the bent edge of the Side Panel into the appropriate slot on the Base Panel, making sure that the embossed sides are on the outside (see Figure 1). Place the combined Base Panel/Side Panel on a flat surface.
- 4) Insert the bent edge of the other Side Panel into the other slot on the Base Panel, making sure that the embossed side is to the outside and that the holes on the Side Panel are at the bottom.
- 5) Insert the bent edges of the other sides of the two Side Panels in the slots on the other Base Panel, making sure that the embossed side of the Base Panel is to the outside.
- 6) Place the completed Display Rack Base on a flat surface making the opening a rectangle (see Figure 2). Insert the bottom of your Buddy Products Display Rack into the completed Display Rack Base. If you are using two Display Racks and the Buddy Products #818 Base, position the two Display Racks back-to-back and insert into the completed Display Rack Base.
- 7) Place the Top Panel on the top of the Display Rack to complete the unit.
